

## Internal Revenue Service, Treasury

## § 801.1

the balance remaining in the Presidential Primary Matching Payment Account.

(c) *Payments to candidates in the case of shortfall.* If the amount certified by the Commission in a calendar month exceeds the balance in the Presidential Primary Matching Payment Account on the last day of the calendar month, the amount paid to a candidate for that month under paragraph (a) of this section is the amount determined by multiplying the amount certified by the Commission for the candidate during the calendar month by the ratio of the balance in the account on the last day of the calendar month over the total amount certified by the Commission for all the candidates during the calendar month. Any amount certified by the Commission, but not paid to a candidate because of this paragraph (c), is treated as an amount certified by the Commission for that candidate during the succeeding calendar month.

(d) *Example.* The provisions of paragraph (c) of this section may be illustrated by the following example.

*Example.* X, Y, and Z are eligible candidates. On February 11, 1992, the Secretary receives certifications by the Commission for X in the amount of \$2000x and Y in the amount of \$500x. There is no certification for Z. The Secretary does not receive any other certifications during February 1992. On February 29, 1992, the balance in the Presidential Primary Matching Payment Account is \$1500x. Under paragraph (c) of this section, X's payment for February 1992 is \$1200x (\$2000x (the amount certified by the Commission for X during February 1992) multiplied by \$1500x (the balance in the account on the last day of February 1992) over \$2500x (the total amount certified by the Commission for all candidates during February 1992)). The amount not paid to X, \$800x (\$2000x minus \$1200x), is treated as certified by the Commission for X during March 1992, the succeeding calendar month. Under paragraph (c) of this section, Y's payment for February 1992 is \$300x (\$500x multiplied by \$1500x over \$2500x). The amount not paid to Y, \$200x (\$500x minus \$300x), is treated as certified by the Commission for Y during March 1992. On March 10, 1992, no certifications are received for X and Y, but the Secretary receives a certification by the Commission for Z in the amount of \$2600x. The Secretary does not receive any other certifications during March 1992. On March 31, 1992, the balance in the account is \$900x. Under paragraph (c) of this section, X's payment for March 1992 is \$200x (\$800x (the amount treated as certified by the

Commission for X during March 1992) multiplied by \$900x (the balance in the account on the last day of March 1992) over \$3600x (the total amount treated as certified or actually certified by the Commission for all candidates during March 1992)). Under paragraph (c) of this section, Y's payment for March 1992 is \$50x (\$200x multiplied by \$900x over \$3600x). Under paragraph (c) of this section, Z's payment for March 1992 is \$650x (\$2600x multiplied by \$900x over \$3600x). The amounts not paid to X, Y, and Z for March 1992 are treated as certified by the Commission during April 1992.

### PART 703-800 [RESERVED]

## PART 801—BALANCED SYSTEM FOR MEASURING ORGANIZATIONAL AND EMPLOYEE PERFORMANCE WITHIN THE INTERNAL REVENUE SERVICE

Sec.

801.1 Balanced performance measurement system; in general.

801.2 Measuring organizational performance.

801.3 Measuring employee performance.

801.4 Customer satisfaction measures.

801.5 Employee satisfaction measures.

801.6 Business results measures.

AUTHORITY: 5 U.S.C 9501 *et seq.*; secs. 1201, 1204, Pub. L. 105-206, 112 Stat. 685, 715-716, 722 (26 U.S.C. 7804 note).

SOURCE: T.D. 8830, 64 FR 42835, Aug. 6, 1999 unless otherwise noted.

### § 801.1 Balanced performance measurement system; in general.

(a) *In general*—(1) The regulations in this part 801 implement the provisions of sections 1201 and 1204 of the Internal Revenue Service Restructuring and Reform Act of 1998 (Public Law 105-106, 112 Stat. 685, 715-716, 722) and provide rules relating to the establishment by the Internal Revenue Service of a balanced performance measurement system.

(2) Modern management practice and various statutory and regulatory provisions require the IRS to set performance goals for organizational units and to measure the results achieved by those organizations with respect to

those goals. To fulfill these requirements, the IRS has established a balanced performance measurement system, composed of three elements: Customer Satisfaction Measures; Employee Satisfaction Measures; and Business Results Measures. The IRS is likewise required to establish a performance evaluation system for individual employees.

(b) *Effective date.* This part 801 is effective September 7, 1999.

### § 801.2 Measuring organizational performance.

(a) *In general.* The performance measures that comprise the balanced measurement system will, to the maximum extent possible, be stated in objective, quantifiable and measurable terms and, subject to the limitation set forth in paragraph (b) of this section, will be used to measure the overall performance of various operational units within the IRS. In addition to implementing the requirements of the Internal Revenue Service Restructuring and Reform Act of 1998 (Public Law 105-206, 112 Stat. 685), the measures described here will, where appropriate, be used in performance goals and performance evaluations established, inter alia, under Division E, National Defense Authorization Act for Fiscal Year 1996 (the Clinger-Cohen Act of 1996) (Public Law 104-106, 110 Stat. 186, 679); the Government Performance and Results Act of 1993 (Public Law 103-62, 107 Stat. 285); and the Chief Financial Officers Act of 1990 (Public Law 101-576, 108 Stat. 2838).

(b) *Limitation.* Quantity measures (as described in § 801.6) will not be used to evaluate the performance of or to impose or suggest production goals for any organizational unit with employees who are responsible for exercising judgment with respect to tax enforcement results (as defined in § 801.6) except in conjunction with an evaluation or goals based also upon Customer Satisfaction Measures, Employee Satisfaction Measures, and Quality Measures.

### § 801.3 Measuring employee performance.

(a) *In general.* All employees of the IRS will be evaluated according to the critical elements and standards or such

other performance criteria as may be established for their positions. In accordance with the requirements of 5 U.S.C. 4312, 4313 and 9508 and section 1201 of the Internal Revenue Service Restructuring and Reform Act of 1998 (Public Law 105-206, 112 Stat. 685) (as is appropriate to the employee's position), the performance criteria for each position will be composed of elements that support the organizational measures of Customer Satisfaction, Employee Satisfaction and Business Results; however, such organizational measures will not directly determine the evaluation of individual employees.

(b) *Fair and equitable treatment of taxpayers.* In addition to all other criteria required to be used in the evaluation of employee performance, all employees of the IRS will be evaluated on whether they provided fair and equitable treatment to taxpayers.

(c) *Senior Executive Service and special positions.* Employees in the Senior Executive Service will be rated in accordance with the requirements of 5 U.S.C. 4312 and 4313 and employees selected to fill positions under 5 U.S.C. 9503 will be evaluated pursuant to workplans, employment agreements, performance agreements or similar documents entered into between the Internal Revenue Service and the employee.

(d) *General workforce.* The performance evaluation system for all other employees will:

(1) Establish one or more retention standards for each employee related to the work of the employee and expressed in terms of individual performance—

(i) Require periodic determinations of whether each employee meets or does not meet the employee's established retention standards; and

(ii) Require that action be taken, in accordance with applicable laws and regulations, with respect to employees whose performance does not meet the established retention standards.

(2) Establish goals or objectives for individual performance consistent with the IRS's performance planning procedures—

(i) Use such goals and objectives to make performance distinctions among employees or groups of employees; and

## Internal Revenue Service, Treasury

## § 801.6

(ii) Use performance assessments as a basis for granting employee awards, adjusting an employee's rate of basic pay, and other appropriate personnel actions, in accordance with applicable laws and regulations.

(e) *Limitations.* (1) No employee of the Internal Revenue Service may use records of tax enforcement results (as defined in § 801.6) to evaluate any other employee or to impose or suggest production quotas or goals for any employee.

(i) For purposes of the limitation contained in this paragraph (e), employee has the meaning as defined in 5 U.S.C. 2105(a).

(ii) For purposes of the limitation contained in this paragraph (e), evaluate includes any process used to appraise or measure an employee's performance for purposes of providing the following:

(A) Any required or requested performance rating.

(B) A recommendation for an award covered by Chapter 45 of Title 5; 5 U.S.C. 5384; or section 1201(a) of the Internal Revenue Service Restructuring and Reform Act of 1998, (Public Law 105-206, 112 Stat. 685, 713-716 ).

(C) An assessment of an employee's qualifications for promotion, reassignment or other change in duties.

(D) An assessment of an employee's eligibility for incentives, allowances or bonuses.

(E) Ranking of employees for release/recall and reductions in force.

(2) Employees who are responsible for exercising judgment with respect to tax enforcement results (as defined in § 801.6) in cases concerning one or more taxpayers may be evaluated with respect to work done on such cases only on the basis of information derived from a review of the work done on the taxpayer cases handled by such employee.

(3) Performance measures based in whole or in part on Quantity Measures (as described in § 801.6) will not be used to evaluate the performance of or to impose or suggest goals for any non-supervisory employee who is responsible for exercising judgment with respect to tax enforcement results (as defined in § 801.6).

### § 801.4 Customer satisfaction measures.

The customer satisfaction goals and accomplishments of operating units within the Internal Revenue Service will be determined on the basis of information gathered via various methods. For example, questionnaires, surveys and other types of information gathering mechanisms may be employed to gather data regarding customer satisfaction. Information to measure customer satisfaction for a particular work unit will be gathered from a statistically valid sample of the customers served by that operating unit and will be used to measure, among other things, whether those customers believe that they received courteous, timely and professional treatment by the Internal Revenue Service personnel with whom they dealt. Customers will be permitted to provide information requested for these purposes under conditions that guarantee them anonymity. For purposes of this section, customers may include individual taxpayers, organizational units or employees within Internal Revenue Service and external groups affected by the services performed by the Internal Revenue Service operating unit.

### § 801.5 Employee satisfaction measures.

The employee satisfaction numerical ratings to be given operating units within the Internal Revenue Service will be determined on the basis of information gathered via various methods. For example, questionnaires, surveys and other information gathering mechanisms may be employed to gather data regarding employee satisfaction. The information gathered will be used to measure, among other factors bearing upon employee satisfaction, the quality of supervision and the adequacy of training and support services. All employees of an operating unit will have an opportunity to provide information regarding employee satisfaction within the operating unit under conditions that guarantee them anonymity.

### § 801.6 Business results measures.

(a) *In general.* The business results measures will consist of numerical

scores determined under the Quality Measures and the Quantity Measures described elsewhere in this section.

(b) *Quality measures.* The quality measure will be determined on the basis of a review by a specially dedicated staff within the Internal Revenue Service of a statistically valid sample of work items handled by certain functions or organizational units determined by the Commissioner or his delegate such as the following:

(1) *Examination and Collection units and Automated Collection System units (ACS).* The quality review of the handling of cases involving particular taxpayers will focus on such factors as whether Internal Revenue Service personnel devoted an appropriate amount of time to a matter, properly analyzed the issues presented, developed the facts regarding those issues, correctly applied the law to the facts, and complied with statutory, regulatory and Internal Revenue Service procedures, including timeliness, adequacy of notifications and required contacts with taxpayers.

(2) *Toll-free telephone sites.* The quality review of telephone services will focus on such factors as whether Internal Revenue Service personnel provided accurate tax law and account information.

(3) *Other workunits.* The quality review of other workunits will be determined according to criteria prescribed by the Commissioner or his delegate.

(c) *Quantity measures.* The quantity measures will consist of outcome-neutral production and resource data, such as the number of cases closed, work items completed, customer education, assistance and outreach efforts undertaken, hours expended and similar inventory, workload and staffing information, that does not contain information regarding the tax enforcement result reached in any case involving particular taxpayers.

(d) *Definitions*—(1) *Tax enforcement result.* A *tax enforcement result* is the outcome produced by an Internal Revenue Service employee's exercise of judgment recommending or determining whether or how the Internal Revenue Service should pursue enforcement of the tax laws.

(i) *Examples of tax enforcement results.* The following are examples of a tax enforcement result: a lien filed; a levy served; a seizure executed; the amount assessed; the amount collected; and a fraud referral.

(ii) *Examples of data that are not tax enforcement results.* The following are examples of data that are not tax enforcement results: case closures; time per case; direct examination time/out of office time; cycle time; number or percentage of overage cases; inventory information; toll-free level of access; talk time; number and type of customer education, assistance and outreach efforts completed; and data derived from a quality review or from a review of an employee's or a work unit's work on a case, such as the number or percentage of cases in which correct examination adjustments were proposed or appropriate lien determinations were made.

(2) *Records of tax enforcement results.* *Records of tax enforcement results* are data, statistics, compilations of information or other numerical or quantitative recordations of the tax enforcement results reached in one or more cases, but do not include tax enforcement results of individual cases when used to determine whether an employee exercised appropriate judgment in pursuing enforcement of the tax laws based upon a review of the employee's work on that individual case.

(e) *Permitted uses of records of tax enforcement results.* Records of tax enforcement results may be used for purposes such as forecasting, financial planning, resource management, and the formulation of case selection criteria.

(f) *Examples.* The following examples illustrate the rules of this section:

*Example 1.* In conducting a performance evaluation, a supervisor may take into consideration information showing that the employee had failed to propose an appropriate adjustment to tax liability in one of the cases the employee examined, provided that information is derived from a review of the work done on the case. All information derived from such a review of individual cases handled by an employee, including time expended, issues raised, and enforcement outcomes reached may be considered in evaluating the employee.

**Internal Revenue Service, Treasury****§ 801.6**

*Example 2.* When assigning a case, a supervisor may discuss with the employee the merits, issues and development of techniques of the case based upon a review of the case file.

*Example 3.* A supervisor may not establish a goal for proposed adjustments in a future

examination, based upon the tax enforcement results achieved in other cases.

*Example 4.* A headquarters unit may use records of tax enforcement results to develop methodologies and algorithms for use in selecting tax returns to audit.

**PART 802-END [RESERVED]**
